Interlibrary Loans (ILL)
This service assists library users in obtaining materials that are not in the local library collection. Interlibrary loans come from other libraries throughout the country. Some items that are rarely available through the interlibrary loan service are: print issues of magazines and newspapers (microform copies are usually available); reference books; rare books and manuscripts (unless microform); DVD or videocassettes; audio recordings; bestsellers and books less than one year old; computer software; textbooks.

Interlibrary requests can take an estimated 2 - 6 weeks to fill. In some cases, the request may prove impossible to fill. Customers who use this service must have a Covina Public Library card in good standing in accordance with circulation policies. The fee for inter-library loans is $3.00 per item, cash or check, paid at the time of the request. This fee applies to Covina residents and non-residents alike. There are no refunds for unfilled requests. If it is a "reference use/in library use only" item (rare or fragile books, for example) it will be kept at the Reference desk.
